Ahtasham Anjum

Design Lead | Senior Product Designer (UX/UI)

Senior UI/UX Designer and Design Lead with 8+ years of experience designing scalable products for web and mobile platforms. Experienced in SaaS dashboards, consumer apps, and end-to-end product design, from research and wireframes to high-fidelity UI and developer handoff. Strong background in leading teams, collaborating cross-functionally, and building user-centric design systems.

My primary focus throughout, has been to create -

- **Research and Insights**
- **Information Architecture**
- **Visual and Interaction Design**
